

CTAS Member Profile

As part of the CTAS newsletter Connie and I have created a new section featuring information about each member of the club.

Below are a few questions for thought. Please feel free to answer all or part of the questions below and also add anything that you feel would be of interest to our members. You can write down your answers on a separate sheet of paper in the form of a story or just an outline and we will take it from there. If you would rather e-mail us your response, that is fine. We would also like you to send us a good, clear photograph of yourself, preferably archery related, to include with your profile. Please burn the photograph to a disk or send us the photo with a self-addressed, stamped envelope so that we can return it to you.

1. Your name and where you live. (General area is fine)
2. Are you a native of Colorado, if not where are you from originally?
3. If you are from Colorado, how long have you lived here?
4. How did you become interested in bowhunting? (This may fall under the mentor section)
5. How long have you bowhunted?
6. Have you always hunted with traditional equipment?
7. Were your Father and/or Mother hunters?
8. Are you feeling crowded more these days while in the field?
9. How has bowhunting changed for you over the years?
10. What is your biggest gripe about bowhunting today?
11. If you could change any part of your bowhunting career what would it be?
12. What is your most memorable moment in bowhunting?
13. Has bowhunting helped you become a better person? Why? How?
14. What is your equipment made up of? (Recurve, wood arrows, etc.)
15. Have you ever thought of challenging yourself more by using primitive equipment?
(Selfbows, self-made arrows, home-made broadheads, etc.)

“My Mentor”

In this section we would like you to profile the person or persons you feel are responsible for your interest in archery and/or bowhunting. Describe what your mentor did to help you along the path of equipment, hunting skills, ethics, traditional values, etc. Please write a short story telling about your mentor and their involvement with your bowhunting endeavors. The story doesn't have to be a full-length production, just a story that explains who this person is and why you feel they are your bowhunting mentor. Your mentor could be a family member, close friend, or even some celebrity that you were inspired by but maybe never even met in person. Very few of us grew up bowhunting without some kind of help and this could be your opportunity to thank your mentor in a very special way! We would love to have a photograph (if possible) of your mentor and, once again, if you would like it returned please send a SASE to us with the photo.

Please send your profile/mentor to (you can combine them if you want!):
Gary and Connie Renfro P.O. Box 1045 Idaho Springs, CO 80452
